PUBLIC RELEASE

Date: 16th August, 2022

Continuum Green Energy Limited, Singapore has through its subsidiary, successfully raised USD 50 million, in addition to the USD 350 million raised on July 13, 2022, by way of issue of Senior Secured Floating Rate Notes to marquee international institutional investor. Deutsche Bank AG in the capacity of Sole Placement Agent advised Continuum on this transaction.

Continuum (<u>www.continuumenergy.in</u>) is an India-focused renewable energy platform, with majority of its assets focussed on Commercial & Industrial (C&I) consumers, with 1.3 GW of operating and near operational capacity and an additional 1.2 GW projects for near term construction. Continuum is majority-owned by a global infrastructure fund managed by Morgan Stanley Infrastructure Partners.
